

DANIEL WERSING

Houston, TX • dwersing@gmail.com • (706) 994-4099 • github.com/dwersing • danielwersing.com

Entrepreneurial software developer with knowledge gained through intensive self-study and multiple application development projects primarily focused on Python. Self-starter, efficient team player, and analytical thinker with advanced communication skills. Experience includes operating an e-commerce business for four years. Seeking transition to dedicated role in software development to tackle challenging problems.

PROJECTS

- **Personal Resume Website/Blog** - Built site on Django with a Python back-end and front-end in HTML, CSS, and JavaScript with Bootstrap. The site is structured as two Django apps with a model for the blog and another model for the about me cards. ([github repo](#)) ([site](#))
- **Wine Tracker App** - Wrote an app for wine enthusiasts in Python and the Kivy application framework with data stored in PostgreSQL. The app allows users to input notes and reviews of wines, with plans for a new feature to track wines stored in the user's personal collection. ([github repo](#))
- **Blackjack** - Wrote a clone in Python using tkinter to create and frame all the widgets. ([github repo](#))

SKILLS

Python, JavaScript, Django, Pandas, Kivy, HTML, CSS, PostgreSQL, Bootstrap, Git, Powershell, PyCharm, Jupyter Notebook

EDUCATION & TRAINING

Udemy.com - completed multiple courses including The Complete Python Bootcamp: From Zero to Hero in Python 3, Complete Python Masterclass, Django 2.2, Python: The Ultimate Web Development Bootcamp, The Modern JavaScript Bootcamp, and The Python Mega Course: Building 10 Real World Applications

BA International Affairs, The University of Georgia - Athens, GA (2011)

EXPERIENCE

Founder, Production Unbound - Houston, TX 2016 - 2020

Production Unbound is an e-commerce startup with 125+ SKUs.

- Coordinated all logistics for incoming and outgoing goods to move effectively as well as warehouse flow so products moved in a timely manner to optimize inventory and ensure shipments delivered on time.
- Analyzed potential products and existing SKUs for profit margins, shipping complexities, and expected shelf time.
- Engaged with customers to answer questions and ensure customer satisfaction.
- Created online listings for products on Amazon, ebay, and other e-commerce platforms.

Customer Service Manager, S70, Inc. - Lawrence, NY 2013 - 2015

S70 is a specialty retailer focused on high-end wines and whiskies.

- Assessed client liquor/wine collections to develop individualized plans for future purchases.
- Conducted presentations and delivered seminars to prospective customers.
- Researched and purchased valuables from around the world and managed logistics and distribution of inventory.

Operations Manager, Ness Paper - Miami, FL 2011 - 2012

Ness Paper is a B2B supplier of disposable goods.

- Handled company operations throughout South Florida including management of all incoming goods and oversight for distribution.
- Maintained consistent communication with customers, drivers, and warehouse employees to ensure precision performance and consistency.
